Remember to remember
It will light your heart each day
It will help you on your way
And its more than just a saying so you know

Remember to remember
That is all you have to do
And the truth will see you through
Even when all has darkened around you

Who you said you are was brighter than a star
Even tho' your dreams were dashed and knocked about
You are still that dream under everything you doubt

Remember to remember
How you said you wanted to be
It will set and keep you free
It will heal your wounds caress your face with love
Remember to remember if it's all you ever do
And the truth will see you through
You will hear God sing to you forever

No matter how difficult things may get, we need to remember who we are, what we stand for, and that we do not stand alone. This awareness "will heal your wounds, caress your face with love". From the musical "The Messengers". The composer died of AIDS in 1990 at the age of 39, two months after the premier of this work.

Who said you are was brighter than a star
Even tho' your dreams were dashed and knocked about
You are still that dream under everything you doubt

Remember to remember
If it's all you ever do
And the truth will see you through
You will hear God sing to you forever
